VISITOR

Pilot contact card

Place this card where it's visible from outside your aircraft. Aerodrome staff can call you in case of urgent safety issues. This helps prevent danger or damage. Another pilot can also contact you if they spot something unusual.

Real examples:

- aircraft rolled backward
- aircraft cover blew off in strong winds
- parked in the wrong spot
- accidentally blocked emergency aircraft
- fuel leak
- dropped wallet near the plane
- bees moved into the undercarriage!
(Yes, it happened!)

Get more cards at **shop.casa.gov.au**
